Roadside Response

For emergency assistance at home or on the road, a mobile service unit will be dispatched to your location and will, on the spot, help to rectify problems associated with the most common elements of roadside difficulty, where possible.

Accident / Theft

Should you have the misfortune to be involved in an accident in your vehicle, Mercedes-Benz Road Care can provide assistance by arranging for a recovery unit to pick up your vehicle and transport it to an appropriate repairer. If your vehicle is stolen, Mercedes-Benz Road Care can provide you with the necessary advice on procedures to follow, as well as arrange alternative transport to get home.

Please note that the costs of towing, alternative transport or accommodation are the owner's responsibility. You should notify your insurance company as soon as possible regarding the costs (all costs associated with these services are at your cost, some state road authority regulations can restrict assistance).

Vehicle Towing / Transport / Taxi

If your vehicle cannot be successfully mobilised at the roadside, or cannot be safely driven, it will be towed / transported to the nearest authorised Mercedes-Benz Service Dealer. In cases of extreme distance, your vehicle may be transported to a suitably equipped service centre recommended by Mercedes-Benz Australia/Pacific Pty Ltd.

Mercedes-Benz Road Care will at no cost to you provide one taxi ride to a maximum value of \$200.00 (inclusive of GST), per breakdown, to help enable you to continue your journey to the nearest town or within the same city where the breakdown has occurred.

Vehicle Relocation

If your vehicle is immobilised more than 70km from home, cannot be repaired within 24 hours and the driver has left the vehicle to continue their journey (i.e. returned home or proceeded to their final destination), Mercedes-Benz Road Care will arrange and pay for the vehicle to be transported to the appropriate agreed place (i.e. either to home or to the ultimate destination).

Vehicle Replacement

If your vehicle is immobilised more than 70km from home and cannot be repaired within 24 hours, Mercedes-Benz Road Care will arrange a hire car for the continuation of your journey (rental vehicle being a standard two-wheel drive sedan), and meet the rental costs up to a maximum of \$1,000 (inclusive of GST) per breakdown, whilst your vehicle is being repaired. You will be responsible for all security deposits (including credit card imprints), fuel, tolls and insurance costs during your rental period. Provision of the rental vehicle ceases at 5pm on the day you are notified that your vehicle has been repaired or when the rental costs total \$1,000 (whichever occurs first), and all rental vehicle costs relating to a period after that time will be your responsibility.

Accommodation

If, as a result of component mechanical failure, the vehicle has been immobilised and cannot be repaired within 24 hours, Mercedes-Benz Road Care will arrange and pay for a maximum of 4 nights accommodation for the driver plus passengers (maximum \$200.00 per night inclusive of GST) when the vehicle is more than 70km from home, and if you decide to remain with the vehicle whilst it is being repaired locally.

Medical Assistance

Medical assistance will be provided to the driver and to any direct family members travelling with the driver.
